

THREE STEPS OF SUICIDE PREVENTION

1 KNOW THE SIGNS

- Talking about death or suicide
- Researching methods for suicide
- Feeling hopeless, trapped, or burdensome
- Giving away their possessions or saying a final goodbye
- Sudden and intense changes in their mood or behavior

2 FIND THE WORDS

“Tell me about what you are experiencing right now.”

“I’m worried about you, let’s find support together.”

“Are you thinking about ending your life?”

3 CONNECT TO SUPPORT

If you, or someone you know, is experiencing a mental health crisis or thinking about suicide:
